

The Seikatsu Club's Investigation on Wild-growing GM Canola

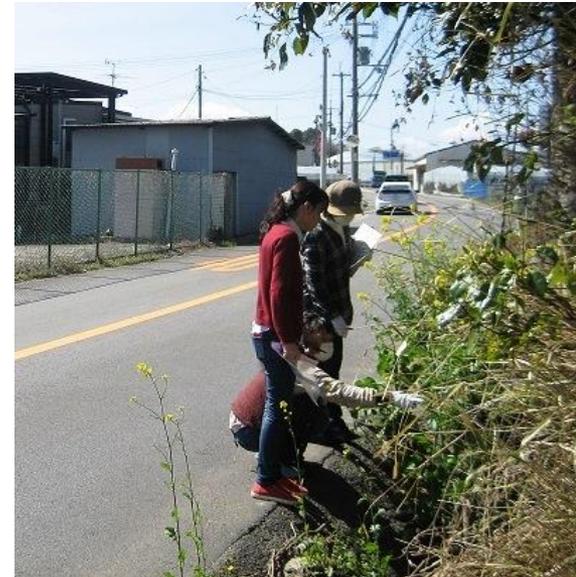

- *Tsuneko Kimura*

- Member of the Board of Directors
Seikatsu Club

- Consumers Co-operative Union
 - Japan

7 May, 2015 Berlin

Participatory Investigations by a Large Number of People

- One is to detect Roundup Ready Canola, and the other is to detect Liberty Link canola.

Focus on harbors, roadside,
and areas near oil
processing factories

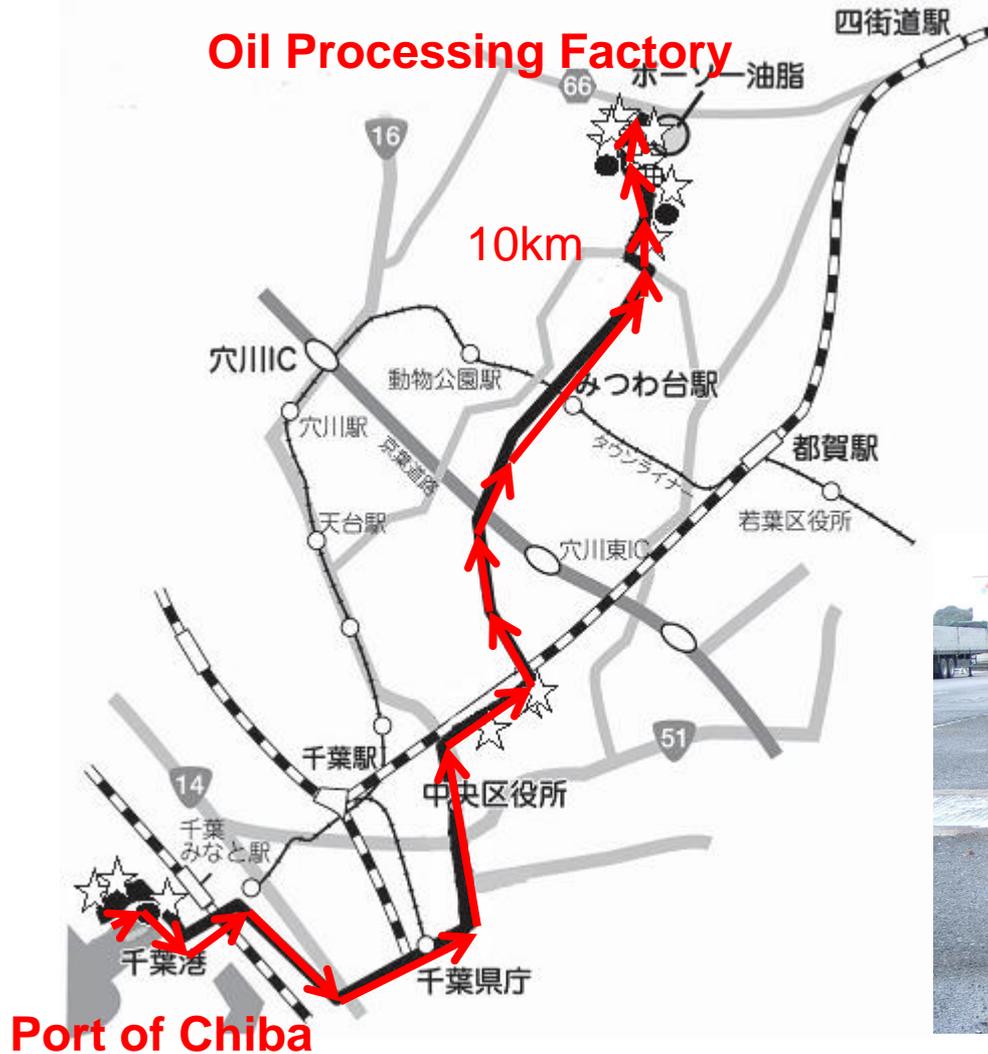

Recording

Seikatsu Club Members

GM Canola Along the Roadsides

Problematic results...

- Perennials
- Hybrid with mustard, broccoli
- Outcrossing with weed
- Stacked GM
- False negative / hidden GM

Action

International action at
MOP7 in Korea

Set up meetings with ministries
and local governments

毎日の暮らしを私らしく豊かにしたい。
そんなあなたを生活クラブはサポートします。

THANK YOU VERY MUCH!
